NIGHT WORK ON SPAULDING TURNPIKE NEAR EXIT 6 IN DOVER
LANE CLOSURES PLANNED ON DECEMBER 12

The New Hampshire Department of Transportation announces night work is planned on the Spaulding Turnpike in Dover south of Exit 6 on Friday, December 12, 2014.

On Friday night, portable concrete barrier will be reset north of the Little Bay Bridge.

Both northbound and southbound lane closures will be in effect to complete the work. The southbound closure will be in effect between 7:00 pm on Friday and 4:00 am on Saturday. The northbound lane closure will take place between 8:00 pm and 4:00 am.

State Police will be used to alert motorists to the restricted travel conditions. The work zones will have a reduced speed limit of 40 mph in effect that will be strictly enforced.
